

Global Justice

The Global Mission Team is involved in peace and justice issues as follows:

We have developed a list of ELCJHL Advocates that receive communications about significant peace and justice issues involving the ELCJHL. These advocates are also willing to speak to congregations concerning these issues.

We have sponsored an assembly resolution to ask congregations to study the Kairos 2009 document.

Bryan Leone and Tim Keyl have been engaged with legislators and legislation to remind them of the plight of the Palestinians through ELCA Middle East Advocacy and Churches for Middle East Peace, of which the ELCA is a member.

We work to get people in the New England Synod to visit our friends in Palestine so they may discover the “facts on the ground” and open their eyes to the inequities between Israelis and Palestinians.
