

Mission Partner Possibilitieshere's just one of many!

✓ Help raise a roof in Dorchester

Our Saviour Lutheran Church in Dorchester, MA has a new vision for ministry, a new outreach strategy, new energy for mission in their communityand a leaky roof.

Generous donors from a neighboring congregation have offered \$15,000, hoping that others will match that gift and provide the additional funds to replace the roof so that renewed and transformational worship, learning and service can happen without the need to provide umbrellas to all who come on rainy days.

And lest you think that your congregation can't afford to be a mission partner, consider the response of Shepherd of the Valley Lutheran Church in Groton, a small congregation without a building of its own. They have already made a partnership gift of \$400 to Our Saviour Church as a way to extend their suburban ministry into a more multi-cultural setting.

Your Mission Partner gift to Our Saviour Lutheran Church can help put a new roof over a renewed ministry, extend your own congregation's ministry into the city of Boston, and begin a longer lasting and mutually blessing mission partnership. For more information about this or other Mission Partner possibilities, contact the NE Synod Mission Partner Team at Immanuel.pastordan@verizon.net .
