

Hammonasset 2006– Fired Up!

Things Worth Noting . . .

- The t-shirts will be colored this year so if people in your group are interested in tie-dye during free time, they will need to bring their own t-shirts.
- Bishop Payne will be at the event on Saturday. She will spend part of the afternoon talking about her Faith Journey. Please plan to stop by and talk to her.
- **Get your group's creative juices flowing...** When you arrive on Friday, the info package you receive will include a piece of scrapbook paper. We would like each group to create a page about their faith journey to include in a scrapbook for Bishop Payne. There will be some materials available during free time for decorating your page but if anyone in your group has their own scrapbooking supplies, they are more than welcome to use them.
- Bring digital cameras and share your pictures of the event with everyone during the slide show Saturday night. There will be a workshop during afternoon free time.
- Adult leaders are always needed to help with the Wide Game and Saturday Afternoon Free Time Activities. No experience is required, we'll give you everything you need. There will be a sign-up sheet at the advisor's meeting Friday night.
